10th | BSEAP | Percentage: 97.80 / 100

INTERSHIPS

SkillDzire Technologies Pvt. Ltd. | Education

01 May, 2024 - 01 Jul, 2024

Full Stack Developer

Key Skills: Web Development Front-End Web Development Java MongoDB Problem Solving

Successfully completed a 2-month Full Stack Java internship with SkillDzire Technologies in collaboration with Andhra Pradesh State Council of Higher Education. Gained hands-on experience in both front-end and back-end Java development. Worked on real-time projects that involved web technologies, MySQL databases, and client-server communication. Demonstrated strong problem-solving abilities, coding discipline, and collaborative team efforts. This internship helped solidify my foundation in Java-based full stack development.

Academor Edtech E-Learning Pvt. Ltd. | E-Learning / Edtech

02 Jan, 2024 - 30 Mar, 2024

Web Development Intern

Key Skills: HTML CSS Javascript Web Development Front-End Web Development Problem Solving

Completed a 2-month virtual internship at Academor Edtech in the domain of Web Development. Worked on developing and enhancing websites using front-end technologies including HTML, CSS, and JavaScript. Actively participated in daily tasks and team projects, demonstrating strong problem-solving skills, attention to detail, and a collaborative spirit. Contributed to the success of minor and major web projects, and received recognition for outstanding performance. The experience significantly boosted my technical proficiency and communication skills.

PROJECTS

Language Translation Site

15 Mar, 2025 - 10 Apr, 2025

Mentor: Y Durga Prasad | Team Size: 1

Key Skills: HTML CSS Javascript MongoDB Express

Project Link: https://github.com/lokesh2707/language_translation

Designed and developed a responsive language translation web application using HTML, CSS, and JavaScript for the front end, with Express.js and MongoDB powering the backend. The platform allows users to input text and translate it into multiple languages using integrated translation APIs. User data and translation history are stored securely in the MongoDB database. The site features a clean UI, real-time translation, and smooth navigation, offering an intuitive user experience for multilingual communication.

Weather App

02 Feb, 2024 - 05 Mar, 2024

Mentor: Arfin Ahmed | Team Size: 1

Key Skills: HTML CSS Javascript

Developed a responsive weather application integrating real-time data from third-party APIs, improving data accuracy by 20%, Reduced loading time by 30% through front-end optimization, enhancing user retention, Implemented a location-based search feature, increasing usability and satisfaction

ACHIEVEMENTS

- Ranked in top 25% on LeetCode with 200 problems solved, showcasing strong algorithmic skills.
- Received a Letter of Recommendation for outstanding performance as Team Leader during internship at Academor.

PERSONAL INTERESTS / HOBBIES

- o Playing Video Games
